ABOUT US

Batal Specialist Centre is proud to be a leading provider of specialist medical care in Jeddah, Saudi Arabia. Our team is comprised of medical experts, industry leaders and proven professionals with a real passion for providing the very best in service and care.

We work to meet the daily needs of a wide patient base through a combination of services, each designed to improve quality of life for everyone:

- ✓ Ophthalmology outpatient services
- ✓ Ophthalmology day surgeries and procedures
- ✓ Dentistry services and procedures

Our goal is to deliver specialist care and personal service in a relaxed and welcoming setting that puts every patient at ease. Together, we can bring this New Vision to life.

OUR INSTITUTE

The Batal Specialist Centre has been a centre of excellence since our foundation in 2010. Led by our founder, Dr. Ahmed Hassan Al-Batal, and his quarter of a century of experience, we're constantly evolving to realise our New Vision.

To ensure every patient receives the care and attention they deserve, we do everything in accordance with four key pillars:

①

Care for patients and their families is central to everything we do

②

The most advanced technologies should be readily accessible for all

③

Growth and application of knowledge allows us to lead our industry

④

Services should be delivered with uncompromising quality throughout

FOCUSED ON CARE

The Batal Specialist centre is committed to being a key pillar of the local and wider community by delivering exceptional care and expert support. Not only do we care for patients who come to us, but we offer support and advice for their family and loved ones too. It's all part of our approach to putting the community at the centre of everything we do.

To make sure nothing is overlooked, we've adopted a patient-first approach that focuses on maintaining exceptional standards:

- 
- The needs of every patient are unique and their experiences shape who they are
 - Everyone should have easy access to the latest technology and treatments
 - Only by continually growing and learning as a team can we meet the evolving needs of our patients

By remaining focused on the needs of our patients, we make a lasting commitment to providing the life-changing services many people rely on. We wouldn't have it any other way.

ACCESS TO LEADING TECHNOLOGY

Our approach is based around providing seamless access to innovative technology. To show our patients just how important technological improvement is to us, we're constantly investing in the most advanced services in the region:

1

Presbyond: A proven treatment for those suffering from age-related myopia

2

Femto Smile: A combination of 3 types of innovative laser vision correction

3

Micro Plus: A smart eye therapy technique designed for the individual needs of each patient

By combining our use of the latest technology with our passion for growth and learning, we continually evolve so that our patients are never left behind.

Our passion for development and learning ensures we find unique ways to meet the needs of every single patient, young or old:

- **Eye Clinics:** Our assessments provide a comprehensive approach to eye care
- **Diagnostic Units:** Our experts can uncover the root causes of any condition
- **Eye Surgeries:** We deliver a personal service to meet every individual need
- **Ultrasonic Diagnostics:** We use the latest technology to perform fast and accurate diagnoses

Passionate About Development

By listening to the needs of our patients, we understand that we need to be by their side every step of the way. As well as initial diagnostics and in-depth treatments, we can also assist with eye glasses and contact lenses to provide fully comprehensive eye care services.

COMMITTED TO QUALITY

Everything we do is focused on providing the quality of care and expert support our patients deserve. To make sure we never fall short of the industry-leading standards we set ourselves, we do everything with a firm commitment to quality:

WE LISTEN

to the needs of every patient
so we can provide the desired
outcome

WE LEARN

what helps patients of all ages
and constantly review our
processes

WE GROW

as a team and never lose sight
of the passion we have for
making a difference

Our commitment to quality is what inspires us to continually reach for new technology, drive innovation and tie it all together with a personal approach to patient care. This is our New Vision for how patient care should be delivered.

OPHTHALMOLOGY DAY SURGERY CENTER

66 WHEN IT'S TIME TO CREATE A NEW VISION FOR EYE CARE, 99
WE BELIEVE IT'S THE LEAST WE CAN DO.

As part of our passion for delivering the very best in care, we're proud to offer a wide range of day surgery options to patients of all ages. Every member of our team is also a member of the local community, which means they understand the pressure that surgical interventions and the associated recovery can place on families.

To make the process of improving quality of life as stress-free as possible, our day surgery centre gives patients the ability to:

- Access Care and surgical interventions that are needed without delay
- Return Home the same day to rest and relax in familiar surroundings
- Recover Faster thanks to our comprehensive support and care processes

BATAL EYE AND DENTAL CENTER - JEDDAH

OPHTHALMOLOGY SPECIALITY SERVICES

Our centre is focused on providing a comprehensive range of services that ensure a New Vision for standards of eye care throughout the region:

- **Children's Treatments** that help the next generation get the care they need
- **Squint Treatments** designed to increase confidence and quality of life
- **Cataract & Glaucoma Surgery** delivered by experts in the field without delay
- **Keratoconus Surgery** that's proven to improve quality of life the right way
- **Eyelid & Tear Duct Surgery** performed by leading experts in surgical intervention
- **Retinal Disease Treatments** that provide hope, comfort and a better life

By guiding our patients through their options, we simplify the complex world of eye care.

ONE-DAY SURGERY CENTER

The one-day eye surgeries center of the Batal Specialist Center is the first of its kind in the Middle East because of its luxury, design, and technical and medical equipment.

The One-Day surgery center provides the service of performing minor surgeries that do not require full anesthesia or admission, as the patient can return to his/her home on the same day without the need to stay in the hospital, and at the same time provide full care to the patient.

- Low financial cost
- Home return on the same day,
- The ability to quickly return to a normal life.

DENTAL DEPARTMENT

As a centre committed to meeting the needs of the local community, we're always looking to offer new treatments and care pathways. A key development has been the addition of specialist dental services to our centre that allow people to:

- Regain Confidence by addressing the root causes of dental issues from day one
- Enjoy Quality of Life thanks to time timely interventions that fit around everyday life
- Live Happier with support from an expert team who instantly understand their situation

Our expansion into dental services is designed to connect even more members of our community with the expert care they rely on and that they deserve.

OUR #NEW_VISION

To help create a world in which everyone has easy access to the treatments, technology and care that enable them to live the lives they deserve.

To make it possible we're committed to educating and reaching out to people of all ages to highlight the options they have available to them.

By continually learning and growing, we aim to make this the New Vision not just for our centre, but for the entire community.

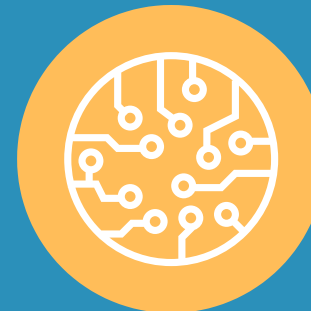

This is our New Vision for the future and we're passionate about delivering it.

OUR MISSION

We believe a centre like ours has a vital role to play when it comes to the health, happiness and quality of life of people of all ages. It's why we've made it our mission to continue to be a central part of the local and wider community for many years to come.

By embracing new technology and delivering the very latest treatments, we aim to show people from all walks of life that they really can benefit from the very best care.

Central to our mission is actively recruiting and training experts in their field so we can continue to grow. We're also proactive when it comes to outreach and education so we can spread awareness of the benefits our services and support provides.

Our mission is to help shape healthier and happier communities, and we're only getting started.

OUR VALUES

To continue to help people from all walks of life, we do everything in accordance with a set of core values that guide everything we do

Honesty & Integrity

We only ever offer advice and guidance we'd be happy to pass on to our own loved ones. We say what we will do and then we put our processes into action without delay. Nothing less will do

TRUST

Whether it's our patients or our partners, we focus on building long term relationships that work for everyone

Knowledge & Science

We know that science is evolving all the time, so we make it our priority to always connect with the latest ideas and technology. We've built an open environment where our experts are always free to share new ideas

OUR PARTNERS

Batal Specialist Centre is proud to work with a wide range of health insurance providers to ensure everyone has access to the expert eye and dental care they deserve.

Our experts are always available to discuss every aspect of our treatments and provide direction that ensures better quality of life.

The philosophy of our founder, Dr. Ahmed Hassan Al-Batal, guides us to put the needs of our patients and partners first, every step of the way.

OUR FUTURE

The future of the Batal Specialist Centre is guided by our founder, Dr. Ahmed Hassan Al-Batal. His experience and expertise in the field of eye care has created an environment in which the needs of every patient are our focus.

To ensure we continue to make a difference, we will continue to invest heavily in education, new technology and the very latest care strategies. Only then can we deliver the very best in service and care that our community has come to rely on.

NEW VISION FOR AN EVEN BRIGHTER FUTURE.

Oculoplastic Procedures

Your eyes are a window into the soul that show everyone you meet who you are and how you feel. They're also one of the most sensitive areas to the signs of aging, as well as the place everyone will focus on most. Our passion lies in listening to your individual needs and directing you towards the perfect treatment so you can feel:

Empowered

We can open the lacrimal duct and take care of tear duct obstruction so you love the way you look and feel again

Younger

Our specialists can provide personal eyebrow lift treatments that give you more confidence

Confident

We can also help with the removal of sagging fatty eyelids so you can show the world the new you

Our comprehensive eye oculoplastic services are designed to help you live life however you choose. We simply wouldn't settle for anything less.

HIGH CAPACITY, UNCOMPROMISING CARE

Our clinic is specially designed to meet the needs of people from all walks of life. Here's how we do exactly that from the moment they walk through the door:

HIGH CAPACITY FACILITIES

can accept 200-250 patients per day

TRAINED SPECIALISTS

work in teams to conduct 35-40 surgeries per day

COMPREHENSIVE CLINIC

Offers: 3 surgery rooms, a LAZIK surgery room and 7 rooms with 20 beds that allow patients to rest and recover post surgery

Contact Us

Batal Specialist Centre is committed to remaining a central part of community healthcare in Jeddah. Our experts are ready and waiting to provide the very best in service and care in an environment designed to put patients at ease and make them know they are in the best possible hands.
